

## Need to design new ProStore or redesign and update a existing ProStore? We can help.

ProStores are online storefronts with a rich set of features offered on the eBay domain. A ProStores webstore provides every online business requirement you could need—from hosting, payment process tools, shopping carts, to seamless integration with UPS, FedEx, PayPal, Yahoo, and USPS.

ProStores provides a complex set of tools for eBay for merchants to build an online store under the security of eBay. What sets it apart from other e-Commerce options is that it offers high value to both the budding ebusiness owner and the veteran online business owner. There are various functionalities that effortlessly handle an array of e-Commerce tasks, including cost analysis and inventory/order management.

- Customers have the option of linking with eBay, thereby significantly expanding reach.
- ProStores has more credit card and online payment options.
- Linking with PayPal is easier and advantageous with ProStores.
- ProStores provides better security protection against fraud.
- ProStores offers a wider range of credit card or online payment platforms.
- Listings can easily go from ProStore to eBay and back.
- Shopping cart is included.
- Tools to design your store.
- Business tier and above, you can submit your store to shopping search engines, such as Shopping.com
